Dear Sir

You have been kind enough to furnish my brother Alex., and my cousin J. W. Tucker, with pas-ports, recently, for Europe; and inferring that it is not giving you much trouble, I take the liberty to solicit of you the same favour. I have just taken passage in the packet "Sir Robt Peel" to sail on the 16<sup>th</sup> inst, for the purpose of seeing the "World's Fair" - France, & perhaps, some other parts of the Continent. - I am late in making this application to you, but it <sup>will</sup> not put you to inconvenient haste, as my brother can, just as well, forward it, after my departure. I have just reached my 50<sup>th</sup> year,

New York April 16. 1851

Sir, The Rev. Dr. William Shelton  
of Buffalo has been staying for a few  
days with me, and sailed today in the  
Baltic for Europe.

At his request I wrote some days since  
to the Department of State for a passport  
& only this morning received a circular  
requiring the affidavit of citizenship &c.

As this was impossible at the late  
hour I beg to ask if you will so far  
oblige Dr. Shelton as to direct a passport  
to be forwarded to me to fill up for  
him that I may send it to him by  
the next steamer.

The Dr. received your kind letters &  
was much pleased with them.

I trust that this request may put  
you to no farther trouble than to send  
it to the State Dept. with directions to  
comply with it as I would regret very  
much troubling you personally to at-  
tend to so small a matter.

I remain Sir, with  
very great respect and Esteem

DEPARTMENT OF STATE,  
WASHINGTON, April, 1850.

Citizens of the United States visiting foreign countries are liable to serious inconvenience, if unprovided with authentic proof of their national character. The best security against this is a passport from the Department of State, certifying the bearer to be a citizen of the United States; which passports are issued *gratis*, upon application supported by proof of citizenship.

This proof need be transmitted but once. On all subsequent occasions, a simple reference to it, and to the period when it was presented, will be sufficient.

When the applicant is a *native citizen of the United States*, he must transmit an affidavit of this fact, stating his age and place of birth, signed by him, and sworn to by himself, and one other citizen of the United States named therein, to whom he is personally known, and to the best of whose knowledge and belief the declaration made by him is true. This affidavit must be attested by a Notary Public, under his signature and seal of office. When there is no Notary in the place, the affidavit may be made before a Justice of the Peace, or other officer authorized to administer oaths.

If the applicant be a *naturalized* citizen, his certificate of naturalization must be transmitted for inspection. It will be returned with the passport.

The application should be accompanied with a description of the person, stating the following particulars, viz: *Age: 38* years. *Stature: 5' 11 1/2* feet and *6* inches (English measure.) *Forehead: medium* *Eyes: Blue* *Nose: large* *Mouth: full* *Chin: round* *Hair: dark with <sup>aged</sup> wrinkles* *Complexion: rather dark* *Face: round, dark colored wrinkles*

When the applicant is to be accompanied by his wife, children, or servants, or by females under his protection, it will be sufficient to state the name and ages of such persons, and their relationship to the applicant.

Persons who leave the country, expecting to obtain passports, whilst abroad, from the Diplomatic or Consular agents of the United States, are liable to disappointment; inasmuch as it is the duty of those agents to observe the utmost caution in granting documents in the nature of a certificate of citizenship, to those persons only who are certainly known to be entitled to them; and it is sometimes difficult, if not impracticable, to procure proof of this fact in a foreign country.

Certificates of citizenship or passports issuing from the State Authorities, or from the Judicial or the Municipal Functionaries of our country, are not recognised by the officers of foreign Governments; and if the Diplomatic and Consular agents of the United States are called upon to certify to the authenticity of such document, they cannot do this, for want of that official information in regard to those authorities and functionaries, and to their respective signatures and seals of office, which is indispensably necessary in the case of every such certificate.

I George E. Parcoast do solemnly  
swear & truly declare and affirm that I am  
a <sup>native born</sup> citizen of Burlington County State of New Jersey  
in thirty eight years of age and that the facts  
set up in this circular are true to the best of my  
knowledge & belief  
George E. Parcoast  
April 16 1857

I Edwin M. Guad a native citizen of Burlington  
County State of New Jersey do hereby solemnly  
swear that I am acquainted  
with Geo E Parcoast that the above facts as  
stated by him are true to the best of my know-  
ledge & belief

DEPARTMENT OF STATE,  
WASHINGTON, April, 1850.

Citizens of the United States visiting foreign countries are liable to serious inconvenience, if unprovided with authentic proof of their national character. The best security against this is a passport from the Department of State, certifying the bearer to be a citizen of the United States; which passports are issued gratis, upon application supported by proof of citizenship.

This proof need be transmitted but once. On all subsequent occasions, a simple reference to it, and to the period when it was presented, will be sufficient.

When the applicant is a *native citizen of the United States*, he must transmit an affidavit of this fact, stating his age and place of birth, signed by him, and sworn to by himself, and one other citizen of the United States named therein, to whom he is personally known, and to the best of whose knowledge and belief the declaration made by him is true. This affidavit must be attested by a Notary Public, under his signature and seal of office. When there is no Notary in the place, the affidavit may be made before a Justice of the Peace, or other officer authorized to administer oaths.

If the applicant be a *naturalized citizen*, his certificate of naturalization must be transmitted for inspection. It will be returned with the passport.

The application should be accompanied with a description of the person, stating the following particulars, viz: Age: 58 years Stature: Five feet 7 1/4 inches (English measure.) Forehead: high Eyes: Blue Nose: Prominent Mouth: Small Chin: Round Hair: Gray and Complexion: Ruddy Face: Round

When the applicant is to be accompanied by his wife, children, or servants, or by females under his protection, it will be sufficient to state the name and ages of such persons, and their relationship to the applicant.

Persons who leave the country, expecting to obtain passports, whilst abroad, from the Diplomatic or Consular agents of the United States, are liable to disappointment; inasmuch as it is the duty of those agents to observe the utmost caution in granting documents in the nature of a certificate of citizenship, to those persons only who are certainly known to be entitled to them; and it is sometimes difficult, if not impracticable, to procure proof of this fact in a foreign country.

Certificates of citizenship or passports issuing from the State Authorities, or from the Judicial or the Municipal Functionaries of our country, are not recognised by the officers of foreign Governments; and if the Diplomatic and Consular agents of the United States are called upon to certify to the authenticity of such document, they cannot do this, for want of that official information in regard to those authorities and functionaries, and to their respective signatures and seals of office, which is indispensably necessary in the case of every such certificate.

Humble w<sup>th</sup> I have this moment handed with the your communication to me, and beg to hand you which is herewith enclosed, my certificate of citizenship, which I take particular pride to possess, & trust it will be found satisfactory & meet your approbation, and shall esteem it a particular favor to return it to you with my passport as soon as of convenience will permit;  
I am, Sir, very respectfully,  
Your obedient servant,  
Joseph Jackson

The Hon: Daniel Webster

My Dear Sir

I beg leave to introduce to you, Dr. Francis C. Ellison - a native of this State - the Bearer of this note. Dr. Ellison, after taking his degree of M.D. in the Medical College of Charleston, is about to visit Europe; and has under his escort his Relative the Lady of the Revd. Dr. Thomas Smyth - the daughter of Mr. James Adger, one of the most distinguished Merchants of our City - and two of her children, who are going to join Dr. Smyth, now abroad for the benefit of his health. Their berths are taken in one of the earliest Steamers from New York.

Dr. Ellison is desirous to

Obtain a passport as an American Citizen, from  
the Department of State. An application by  
Mail for one, has, I understand, been already  
made. As his time is limited, and he is about  
to pass thro' Washington, he purposes to call  
himself for it, at the office of the Depart-  
ment; and I would respectfully request  
that he may be expedited - as it will be  
important, that he, with his charge, should  
reach New York as speedily as possible.

Were I within a reasonable distance  
of Washington, and could suppose that your  
multiplied duties would allow you to bestow  
half an hour of your time on me, I should  
be strongly tempted to pay you a visit - and to  
think aloud with you, on the condition

Will you have the goodness, therefore, to desire the Passport Clerk to forward him a passport prior to that date, if in accordance with the usage of the Department?

With despatch - leave N.Y. on 17<sup>th</sup> inst

DEPARTMENT OF STATE,

WASHINGTON, April, 1850.

Citizens of the United States visiting foreign countries are liable to serious inconvenience, if unprovided with authentic proof of their national character. The best security against this is a passport from the Department of State, certifying the bearer to be a citizen of the United States; which passports are issued *gratis*, upon application supported by proof of citizenship.

This proof need be transmitted but once. On all subsequent occasions, a simple reference to it, and to the period when it was presented, will be sufficient.

When the applicant is a *native citizen of the United States*, he must transmit an affidavit of this fact, stating his age and place of birth, signed by him, and sworn to by himself, and one other citizen of the United States named therein, to whom he is personally known, and to the best of whose knowledge and belief the declaration made by him is true. This affidavit must be attested by a Notary Public, under his signature and seal of office. When there is no Notary in the place, the affidavit may be made before a Justice of the Peace, or other officer authorized to administer oaths.

If the applicant be a *naturalized* citizen, his certificate of naturalization must be transmitted for inspection. It will be returned with the passport.

The application should be accompanied with a description of the person, stating the following particulars, viz: Age: 28 years. Stature: 5 ft 7 inches (English measure.) Forehead: broad. Eyes: dark blue. Nose: straight. Mouth: medium. Chin: small. Hair: black. Complexion: dark. Face: oval.

When the applicant is to be accompanied by his wife, children, or servants, or by females under his protection, it will be sufficient to state the name and ages of such persons, and their relationship to the applicant.

Persons who leave the country, expecting to obtain passports, whilst abroad, from the Diplomatic or Consular agents of the United States, are liable to disappointment; inasmuch as it is the duty of those agents to observe the utmost caution in granting documents in the nature of a certificate of citizenship, to those persons only who are certainly known to be entitled to them; and it is sometimes difficult, if not impracticable, to procure proof of this fact in a foreign country.

Certificates of citizenship or passports issuing from the State Authorities, or from the Judicial or the Municipal Functionaries of our country, are not recognised by the officers of foreign Governments; and if the Diplomatic and Consular agents of the United States are called upon to certify to the authenticity of such document, they cannot do this, for want of that official information in regard to those authorities and functionaries, and to their respective signatures and seals of office, which is indispensably necessary in the case of every such certificate.

The Belgian Consul Mr George A Wopley desires a passport. Mr Wopley thinks that if the facts of his being the Consul of the Belgian Government at this Port, and also a citizen of the U States were stated to the Department by a Federal Officer the Passport in blank would be forwarded. He is induced to entertain this opinion because last year, on the representation of Mr Holmes M.C. to the Department to the facts above stated, such a passport was forwarded. DEPARTMENT OF STATE,  
WASHINGTON, April, 1850.

Citizens of the United States visiting foreign countries are liable to serious inconvenience, if unprovided with authentic proof of their national character. The best security against this is a passport from the Department of State, certifying the bearer to be a citizen of the United States; which passports are issued *gratis*, upon application supported by proof of citizenship.

This proof need be transmitted but once. On all subsequent occasions, a simple reference to it, and to the period when it was presented, will be sufficient.

When the applicant is a *native citizen of the United States*, he must transmit an affidavit of this fact, stating his age and place of birth, signed by him, and sworn to by himself, and one other citizen of the United States named therein, to whom he is personally known, and to the best of whose knowledge and belief the declaration made by him is true. This affidavit must be attested by a Notary Public, under his signature and seal of office. When there is no Notary in the place, the affidavit may be made before a Justice of the Peace, or other officer authorized to administer oaths.

If the applicant be a *naturalized* citizen, his certificate of naturalization must be transmitted for inspection. It will be returned with the passport.

The application should be accompanied with a description of the person, stating the following particulars, viz: Age: 42 years. Stature: ordinary feet 5 feet five about inches (English measure:) Forehead: ordinary Eyes: Blue. Nose: full. Mouth: ordinary Chin indented. Hair: dark brown Complexion: dark. Face: round.

When the applicant is to be accompanied by his wife, children, or servants, or by females under his protection, it will be sufficient to state the name and ages of such persons, and their relationship to the applicant.

Persons who leave the country, expecting to obtain passports, whilst abroad, from the Diplomatic or Consular agents of the United States, are liable to disappointment; inasmuch as it is the duty of those agents to observe the utmost caution in granting documents in the nature of a certificate of citizenship, to those persons only who are certainly known to be entitled to them; and it is sometimes difficult, if not impracticable, to procure proof of this fact in a foreign country.

Certificates of citizenship or passports issuing from the State Authorities, or from the Judicial or the Municipal Functionaries of our country, are not recognised by the officers of foreign Governments; and if the Diplomatic and Consular agents of the United States are called upon to certify to the authenticity of such document, they cannot do this, for want of that official information in regard to those authorities and functionaries, and to their respective signatures and seals of office, which is indispensably necessary in the case of every such certificate.

am accompanied by my wife Elizabeth 42  
and daughter Alice five years

Sir

Yesterday, I took the liberty of addressing a note to the Hon: Daniel Webster Secretary of State - of which I shall cause a copy to be subjoined. The newspapers of this morning inform me, that he, with several members of the Cabinet, has left Washington to attend the celebration of the completion of the New York and Erie Rail Road. My note therefore cannot well reach him before his return - and that may be too late to allow me to receive before the last of next week - the passports for my children, which it was the object of that note to obtain.

Allow me, I pray you, Sir, to request the favor of your attention to this matter - and that you will have the goodness to forward the desired passports to me.

I beg leave to say that my fees of office, that may attend the issue of these passports, shall be immediately paid, on my being informed of the amount.

The Hon. Daniel Webster  
Secretary of State.

I beg leave to request from your office the favour of a passport which shall be good for Austria via Bremen or Hamburg. I observe that in my old passport procured at the office of Mr. Bennett some years since in London, my description "list" is left blank. Should one now be necessary, the following particulars will suffice.

|            |                       |
|------------|-----------------------|
| Age        | 42 years.             |
| Height     | 6 feet 1/2 inches.    |
| Nose       | Straight              |
| Mouth      | regular               |
| Chin       | oval.                 |
| Hair       | between blond & black |
| Eyes       | hazel                 |
| Complexion | Somewhat ruddy.       |

My object in going to Austria is to visit the water cure establishment of Fressnitz at Gräfenberg, where I have already once been. It is for the benefit of my eyes, which, I may say with

perfect justice I am been self worn out in  
the public service as @ Whig (and now Union)  
editor since 1841. Should you be able to  
give me dispatches to the North or South of  
Europe to help out my expenses it would be  
a great relief and satisfaction to me.

I propose to leave this country between  
the 1<sup>st</sup> and the 15<sup>th</sup> of July. Should I re-  
ceive dispatches, I would call at Washing-  
ton for them at any time you may indi-  
cate between or near those dates. Should  
I not receive them, may I request you to  
cause to be forwarded my passport to this  
place with the visa of the Austrian Charge  
at Washington attached.

I am Sir Very Respectfully  
Yrs. Wm. M. G. & Co.  
H. Locke.

J. L. Locke.

Austria is mentioned particularly,  
but I suppose such a passport  
as you would give would be good  
for any part of Europe. I should  
be pleased if you would give as  
early attention to this as convenient. W.

New Haven, 20th May, 1857

Sir,

About a week since I transmitted to your department, an application, in behalf of Mr Robert McGregor, of Cincinnati, for a passport for himself, wife, son, and daughter. To this application I have rec'd no reply - in conjecturing the reason of its neglect, it has occurred to me that, possibly, I might have omitted to pay the postage on my communication, contrary to the requisition of the department - if I did so, I assure you, the omission was perfectly unintentional on my part, and I am ready, in any reasonable way, to atone for the offence - Will you have the goodness to inform me why the passport has not been sent -

Very respectfully  
Yours obt. S.
